as silent sunbeams slice through grey clouds,
my feelings for you grow and change.
they ride with the waves that brush the shore,
and dispel pebbles of thought
on distant beaches.

THOROUGHLY MODERN MINI

She had something—quite attractive;
if not attractive—quite
appealing; if not
appealing—quite
revealing;
—something
she.

I took Shannon
for a walk today

it's her first spring
she had trouble negotiating
the cracks in the sidewalk
We saw Mrs. Malin
teaching her daughter
to ride the two wheeler
The sun shone
and Shannon laughed
and tripped again
amazed by the grass
I took Shannon for a walk today
March 3, 1973
it's her first spring
